

HSE 2016 EUL version 5

Changes made:

- Correction to MedsNum2G8 – was being derived from the wrong DV rather than Mednum2 which is the DV that excludes contraceptives and nicotine dependency drugs
- SOC2010B and HRPSOC10B – correction to one category which was being incorrectly coded
- NATID2 and NATID3 labels corrected – changed to NatID2 "National identity: Welsh"
NatID3 "National identity: Scottish"
- YNATSC2 and YNATSC3 labels corrected – changed to YNATSC2 "National identity: Welsh (SC)" YNATSC3 "National identity: Scottish (SC)"
- 2 cases where BMI DVs were incorrectly coded, changed to -1 for these cases. DVs affected: bmival2, bmivg52, bmivg53, bmi_group, bmivg3, bmivg8, bmivgdr, wtval2
- 1 case for bmivg8 was coded into the incorrect category, changed to bmivg8 = 4.
- adrkqw08 and adrkqw08g were incorrectly derived.
